

## Aquastations get Sporty

Knowing the importance of staying hydrated when playing sport, and being quite keen on sport ourselves (I'm an armchair sportsfan myself - Ed), Aquastations has recently sponsored an East London Amateur Boxing Tournament and also has sponsored a board at a Premiership football ground – club to be revealed in the next edition.

Water and sport are an essential mix, and not just in Olympic swimming. Drinking water continually while exercising keeps you hydrated and can even improve performance.

"I was so pleased we could sponsor the Bad Boys Promotions evening of boxing that I even got in the ring myself!", said David Cavanagh, MD of Aquastations. And pretty good he was too.
